Fire Safety Board Meeting

(This is a public meeting and attendees will receive technical credit hours approved for both portable extinguishers and preengineered systems from the SFMs Office for this seminar)

The Florida Fire Safety Board is a seven member board created per F.S.S. 633.302. The board acts in an advisory capacity to the State Fire Marshal and meets regularly as the need presents itself. The board has the authority to review complaints and disputed administrative action and make recommendations for disciplinary action to the division at the request of the license holder, permit holder, or certificate holder. The board serves in an advisory capacity to the division regarding rules, codes, standards, interpretations, and training.

The two fire equipment representatives on this important board are John Gioseffi, Broward Fire Equipment, Ft. Lauderdale (currently serving as chair of the board) and Bill Johnson, Mid State Fire Equipment, Lake Placid. Both have served as past presidents of FFEDA with John currently serving as Treasurer on the FFEDA Board of Directors.

This technical seminar is approved for both portable extinguishers and preengineered systems. CE Hours will be tracked on your FFEDA Conference Attendance Certificate and by the SFMs Office through their sign in sheets.

3:30 p.m. - 6:30 p.m.

Active Shooter in the Workplace Training

Nik Farooqui - S2 Strategic Defense

Business Practices Seminar and Training for All Office Staff

Part 1: Active Killers: They are in our schools, business, and places of leisure. Understanding the DNA of these tragic events is the only way to help preventing them. This session will give you an understanding of the trends, statistics, and what you MUST know in order to prevent or survive.

Part 2: Workplace Safety: Are you really safe at your workplace? Have you prepared for workplace violence, bullying, harassment, verbal de-escalation, and conflict resolution? This presentation will give you key information and some hands on training to help you be safer. Understanding how to assess every situation and responding appropriately is critical. Violence encounters can be within the office, in the parking lot, and even follow you home. Be prepared.

In today's world with continuous incidents of Active Shooters in the workplace, schools, shopping centers, etc., this is an important seminar for all your staff (not just technicians) to attend. Call FFEDA for special pricing for your entire office staff. Nik Farooqui is the CEO/Director of Training Operations for S2 Strategic Defense, an agency that directly works with law

enforcement, security, and corporate personnel on training in defensive tactics, violent encounter prevention and response, and the development of corporate safety programs.
